REMARKS/ARGUMENTS

The amendment to the above-identified application is being submitted in response to the "NOTICE OF DRAWING INCONSISTENCY WITH SPECIFICATION", PTO Form 1631, dated December 14, 2004. This submission is within one month period of the mailing of the Notice.

The Brief Description of the Drawings beginning at page 5, line 1 of the specification is being amended to recite --Fig 5 illustrates the copper ground plane for the microstrip antenna comprising the present invention;-- and --FIG. 6 is a side view of the dielectric layers, bonding films and copper elements of the microstrip antenna comprising the present invention--. The specification as amended is now consistent with all of the Figures 1-6 of the drawings.

In view of the forgoing amendment to the specification of the above-identified application, the prompt issuance of this
